Testimonials

"Gary is THE f***ing writer! He would be an asset to any songwriter. He actually writes it down!"
Ringo Starr (drummer for the Beatles)

"Gary Burr is on to something! I believe every music publisher and every record label will invest in the careers of their songwriters and artist-songwriters by 'insisting' that whoever they sign receive the type of instruction and insight Gary is offering."
Bart Herbison (Executive Director, Nashville Songwriters Association International)

"If anyone is qualified to teach a "master class" of songwriting, it's my buddy Gary Burr. Gary has not only had great overall success as a writer, but has had hits in several different genres. He has seen the ins and outs of the way publishing companies work, and he's as business savvy as he is talented. That's a very important component that few have the expertise to teach."
Richard Marx (Pop songwriter / Producer)

"If I was just starting out as a writer I would RUN not walk to any seminar that Gary Burr was doing. I would have killed to have been able to show my work and get his advice on "all things music." There is a reason that Gary was just inducted into the Nashville Songwriters Hall Of Fame ... you don't get there by accident. Gary Burr is not only my friend but my all time favorite songwriter and even I continue to learn from him every time we write."
Victoria Shaw (Hit songwriter / Producer, "The River" Garth Brooks)
